Re-fat Request

Sir,

I am Syed Afzal Ahammed 18BCE0038 during my Fat exam of CSE3502 - Information Security Management I faced Network issue for a long time and I couldn't attempt my exam well. During starting of exam after logged in it was saying Network Connection was bad and then my camera was turned off automatically due to some server issue it was saying Couldn't make WebSocket Connection and after few minutes the Code Tantra was Unresponsive and I couldn't do a thing and I don't know what to do at that time either after some time the network got resolved itself but during this time I couldn't see my questions and when it got resolved and so after few minutes it was again showing some error message like media couldn't reach server it was saying Media Server Failed to process Request and then my proctor contacted me through Code Tantra to resolve issue during this time about 2-3 times to resolve it if there is any if not you will automatically get blocked by Code Tantra My Proctor was Raghavan R I said I am figuring out sir and I tried to do it and after few mins it got resolved but I lost a lot of time during exam and I couldn't attempt my exam good here there are all the proofs are attached with this file below as everything happened I took snapshots as Proofs for my exam issue including Proctor Details. So, I request you for Re-Fat as today we got a Re-Fat mail, Please accept my request sir...

Please have a look at the attached Files:
